In order to protect the public trust and maintain confidence in the fairness of public education, conflicts of interest or even the appearance of conflict must be avoided. Therefore, it is the policy of the Welch Board of Education that school board members and school district personnel shall not engage in any activity that would create a conflict of interest.

Personal property acquired by the district is intended for use by employees of the district within the scope of their employment. Use of school property, including, but not limited to, teaching materials, computer software and hardware, electronic equipment, and other equipment, outside of the scope of the employee's employment is prohibited. Employees that utilize school district owned property for personal use or gain may be subject to disciplinary action which could include possible action to non-renew or terminate employment.

With regard to any Federal funding, the district will disclose in writing any potential conflicts of interest to the Federal awarding agency or pass-through entity in accordance with applicable federal awarding agency policies and procedures.

No employee, officer, or agent must participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. Violation of these standards will result in disciplinary action which may include termination of employment.

Contracts and Business Arrangements

1. Contracts with Board Members

Oklahoma law prohibits a school board from entering into a contract in which a board member is directly or indirectly interested. 70 O.S. §5-124.

2. Disclosure of Other Contracts and Business Arrangements

The board of education believes that certain business and contractual arrangements by employees, although not in violation of state law, create such a potential for conflict of interest that such contracts or relationships should be disclosed to the superintendent. The following contracts or business relationships shall be disclosed in writing to the superintendent:

- A. Any two or more district employees who together enter into any business relationship, including, but not limited to, a partnership, corporation, or lessor/lessee relationship.
- B. Any employee who has a substantial interest, directly or indirectly, in any person or entity that is providing services or sales of equipment or other goods or commodities to the district where such relationship would result in a direct or indirect monetary benefit to the employee.

Any violation of the foregoing reporting requirements will subject the employee or employees involved to possible disciplinary action which could include possible termination or nonrenewal of employment.
