

CHILDREN'S INTERNET PROTECTION ACT*Adoption Date:* 6/24/08*Revision
Date:**Page 1 of 1*

The Welch District utilizes internet protection that monitors on-line activities of minors. WPS internet safety addresses CIPA requirements. The board will annually discuss Internet protection measures, internet filtering capabilities, Student Acceptable Use of School Computers and the following:

1. Student access to inappropriate matter on the internet or world wide web.
2. Student safety and security when using e-mail, chat rooms, or other forms of direct electronic communication.
3. Hacking or other unlawful activities by minors while on-line.
4. Unauthorized disclosure, use, and dissemination of personal information regarding minors.
5. Measures designed to restrict access of minors to materials harmful to minors.
